TO WHOM IT MAY CONCERN

I am amazed to certify **Dr. Saroj Kumar Ghosh**, Assistant Professor in Zoology, Bejoy Narayan Mahavidyalaya, Itachuna, Hooghly-712 147, West Bengal who is academically known to me since 2004 because of his chequered performance at all the public examinations. I myself in my capacity of being his major study adviser and a guide covering a period from 2006 till date have found Dr. Ghosh is a voracious devour not only of the knowledges of the conventional Zoology but also of the ever expanding technological strides which this specially is constantly undertaking through his literature hunting property.

This young energetic, highly methodical and skilful student displays his utmost dedication, self-reliance and perpetual eagerness to learn different aspects of zoology. He helps me in the planning and designing of some research problems of my laboratory and he has proved himself a fast learner of the modern methodology and expertise through assimilating the latest findings reported in the eminent journal of zoology and fisheries. He has already published *forty* papers in reputed Indian and foreign journals. From my long association with Dr. Ghosh as a teacher and research supervisor, I consider it an immense privilege to recommend very strongly the candidature of Dr. Saroj Kumar Ghosh, a well-read, versatile and highly dynamic person, product of a cultured respectable family and possessing an amiable highly co-operative personally for any position.

I wish him all success in life.
